1. Attached are copies of a list of inter-agency meetings in which CIA representatives participate. Certain meetings, which have an asterisk next to them, have been tentatively selected as being concerned with policy and other matters of interest at the DCI level.

2. I would like each Deputy to look over this list to make certain that it is complete, that the names of the meetings are accurate, and that present Agency representation at these meetings is properly listed.

3. Each Deputy should indicate if there are meetings at which his directorate is not now represented but in his opinion should be.

4. It is also important that each Deputy review those meetings having an asterisk to make certain that they properly fall within the category of "concerned with policy and other matters of interest at the DCI level". These meetings were tentatively selected for this category. Therefore, Deputies should (a) indicate which meetings are not of a policy nature so they can be taken off the list and (b) those which should be added to the list because they might involve policy concerning the C/DCI.

5. In order to keep data sheets (see attachment) current, each directorate should submit promptly to the BDI/OCR/LS (Room 2 E 49) all appropriate information on new or discontinued inter-agency groups and other changes that must be recorded to keep records on a current basis.

6. When Agency components are requested by other agencies to send a representative to inter-agency meetings being newly formed, this should be reported at the Executive Committee meeting to insure that Agency representation will best represent the Agency as a whole as well as the special interests of all the concerned Agency components.

7. I would like to have the answers to paragraphs 2, 3 and 4 above by 3 February.

SUBJECT : Central Record of Inter-Agency Meetings

Dir-Compt, same subject

1. We have completed the review of the list of Inter-Agency Meetings furnished with Action Memorandum No. A-347. For purposes of simplicity, we have consolidated our recommended changes on the attached copy of the list. For the most part these changes are simply a matter of specifying the Support component with the primary interest instead of showing just "DD/S." We have added an asterisk where it seems indicated, and eliminated the asterisk from several others. The only other substantive change is that the Director of Training is not now represented on the "Interagency Police Group Advisory Committee for Training" (page 6) and we believe he should be.

2. If further information is required we will be pleased to provide it.

SUBJECT: Central Record of Inter-Agency Meetings

REFERENCE: Your memorandum A-347, dated 17 January 1964,
Same subject

1. DD/S&T has reviewed the list of inter-agency meetings furnished with Reference memorandum and noted those in which we now participate or expect to participate. We have deleted designations to subcommittees to USIB, groups which were ad hoc in nature, or those formed for a single purpose which has already been served. These actions are reflected on the annotated list returned herewith as an attachment.

2. In adding names of office components to the meetings listed, we have restricted ourselves to direct participation in inter-agency meetings and have not attempted to list gatherings such as conferences, seminars, or training sessions. We believe this will result in providing more substance to the final composite listings which are to be the end result of this work.
